

I am writing in support of K-LOVE FM radio in the SE Portland, OR area, and to let you know how much a part of our life...and community it has been over the past few years.

We are greatly concerned that a LPFM broadcaster would greatly reduce the coverage...and effectiveness of K-LOVE in this area, and ask that LPFM be NOT allowed in this broadcasting area.

WE believe that the service that K-LOVE radio provides is in the great interest of the general public because of the strong individual and family values it embodies, and the clear communication, and encouragement, including a balanced, moral perspective on families, parents, and individuals.

Thank you.
